CONFIDENCE. DISCIPLINE. FITNESS.
TRADITION. COMMUNITY.

Come and join the #1 martial arts instructor team and a tradition of more than 40 years of martial arts education for children and adults.

Since 1981, Chamberlain Studios has been providing school teachers with the training, knowledge and materials needed to leverage their education and experience into a rewarding side gig as a martial arts instructor.

You already have the background needed as an educator. We can teach you everything else you need to know to be a great after-school karate instructor! After school classes are typically held one day per week, on-site, at your location.
